admitted *pro hac vice* to the Eastern and Southern Districts of New York, the Western District of Washington, the Middle District of Florida, the Central District of California, the District of Arizona, the Middle District of Pennsylvania, the District of Colorado, the District of New Mexico, the Western District of North Carolina, and the Middle District of Tennessee.

5. Throughout the entirety of my professional career, my practice has been highly concentrated in representing employees in cases arising under federal and state wage and hour laws, including the Fair Labor Standards Act (“FLSA”) and comparable state wage and hour laws across the United States. The majority of these cases proceeded as collective actions under the FLSA and/or class actions under state laws.

6. I joined Stephan Zouras, LLP in 2013. The accomplishments of Stephan Zouras, LLP, are set forth in the Firm Resume attached hereto as **Exhibit A**. As described therein, Stephan Zouras, LLP has extensive experience in successfully representing plaintiffs as lead counsel in hundreds of complex class and collective actions nationwide. In these cases, the attorneys at Stephan Zouras, LLP, have helped establish precedent and achieved multi-million dollar recoveries for their clients.

7. Perhaps more important than the monetary recovery, many of these actions have forced employers to implement extensive modifications to their employee compensation practices to conform with state and federal requirements. This, of course, is a primary goal of the federal and state wage and hour statutes, which contain fee-shifting provisions intended to motivate “private attorneys’ general” to enforce the minimum wage. In addition to benefiting employees, such enforcement also benefits other employers by ensuring they are not put at a competitive disadvantage simply by electing to comply with the law and pay their employees all earned wages.

8. In 2014, the Economic Policy Institute issued the results of its study of workers in

the 10 most populous U.S. states.<sup>1</sup> The study determined that “2.4 million workers lose \$8 billion annually (an average of \$3,300 per year for year-round workers) to minimum wage violations ... .” *Id.* at 1. The study recognized that enforcement efforts and updates to the FLSA have failed to keep up with the increasing sophistication of employers in decreasing their labor budgets by shaving work time and dodging overtime rules. *Id.* at 3-6.

9. The settlement of this action was the product of well-informed judgments about the adequacy of the resolution. The settlement was also the product of arm’s-length, non-collusive negotiations through an experienced mediator. Plaintiffs’ Counsel are intimately familiar with the strengths and weaknesses of the claims and defenses, as well as the factual and legal issues, sufficient to make an informed recommendation about the value of the claims, the time, costs and expense of protracted litigation, discovery, and appeals, and the adequacy of the settlement reached. The stage of litigation has advanced to a state that Plaintiffs’ Counsel could fairly and fully evaluate the value of the settlement. In my professional opinion, the settlement is fair and reasonable in light of the risk, costs, and delay of further litigation.

10. Plaintiffs’ Counsel’s efforts have been without compensation, and Plaintiffs’ Counsel’s entitlement to payment has been wholly contingent upon the result achieved. By agreeing to work on a contingent fee basis, Plaintiffs’ Counsel’s interests have always been directly aligned with the interests of clients to maximize their recovery.

11. Stephan Zouras, LLP’s customary contingent fee in wage and hour litigation is generally set between 33% and 40% of any recovery.

12. In this case, Named Plaintiff Daniel Schur and Opt-In Plaintiff Halton Bagley

<sup>1</sup> Available at: <https://www.epi.org/publication/employers-steal-billions-from-workers-paychecks-each-year/>.

entered into retainer agreements with Plaintiffs' Counsel allowing counsel to apply for a reasonable percentage of the recovery as a contingency fee payment, plus actual out of pocket expenses.

13. To date, Stephan Zouras, LLP has spent over four years and hundreds of hours litigating this case with no assurance of any recovery at all.

14. As of the date of filing this application, the total number of hours expended on this litigation by Stephan Zouras, LLP is 810.2, and its total lodestar for cross-check purposes is \$319,063.75, not including estimated future fees. The lodestar is calculated by multiplying the hours worked on the litigation by the hourly rates of the attorneys and legal assistants who performed work on the case.

15. Stephan Zouras, LLP's lodestar figures do not include charges for expense items. Expense items are billed separately, and such charges are not duplicated in Stephan Zouras, LLP's billing rates.

16. To date, Stephan Zouras, LLP has incurred \$10,172.30 in outstanding expenses in connection with the prosecution of this litigation. The expenses incurred in this action are reflected on Stephan Zouras, LLP's books and records, which are set forth on pages 19-21 and 42-44 of the Time and Expense Report attached hereto as **Exhibit B**. These books and records are prepared from expense vouchers, check records and other source materials and represent an accurate recordation of the expenses incurred. The expenses incurred are expenses normally charged to clients and were reasonable and necessary to prosecute the case. They are normal costs charged to clients and not part of Stephan Zouras, LLP's overhead.

17. It is my professional opinion that the expenses incurred were reasonable and necessary in the successful prosecution of this action.

18. Plaintiffs' Counsel performed substantial work on this matter for over four years. Moreover, the work done to date does not capture all of the work that will be done on this case. After this filing, and assuming the Court approves the motion, Plaintiffs' Counsel will continue to incur fees implementing the settlement by overseeing the distribution of the settlement fund. Stephan Zouras, LLP kept contemporaneous records for the work performed by all attorneys and legal staff, which are set forth in the Time and Expense Report attached hereto as **Exhibit B**. The time expended by the primary billers<sup>2</sup> in this case is summarized as follows:

<b>Attorney</b>	<b>Rates</b>	<b>Cumulative Hours</b>	<b>Lodestar</b>
Becvar, Teresa (Partner)	\$400.00-\$575.00	286.7	\$148,532.50
Zouras, James (Founding Partner, Stephan Zouras, LLP)	\$600.00-\$750.00	167.5	\$109,975.00
Legal Assistants and Law Clerks <sup>3</sup>	\$150.00-\$225.00	356.0	\$60,556.25
	<b>Grand Total</b>	<b>810.2</b>	<b>\$319,063.75</b>

19. The hours billed in the chart above consist of activities commonly billed to collective action cases like this one. Stephan Zouras, LLP billed for activities including investigating the claims, drafting the complaint and arbitration demands, reviewing hundreds of pages of pay records, building records and timekeeping data, attending meetings and conferences, including with the Court and Arbitrator, drafting motions for equitable tolling and conditional certification, preparing individual written discovery responses for each of the Plaintiffs, engaging

---

<sup>2</sup> Time entries by attorneys who did not perform substantial work on the case have been excluded.

<sup>3</sup> The legal assistants and law clerks who performed work on this case at different points throughout its tenure include: Monica Almeida, Emily Barraza, Kerry Bowers, Anna Ceragioli, Lynn Clark, Ashley Dahl, Abigail Dibadj, Colleen Foster, Melissa Getman, Sydney Gresham, Jessica Hacker, Chris Hoffmann, Jesica Ortiz-Acosta, and Adrianna Parker.

in discovery dispute motion practice, preparing damages models, preparing for and participating in mediation and settlement negotiations, negotiating and drafting the Settlement Agreement, and working with defense counsel to ensure approval of the settlement.

20. In particular, from the inception of the case to the present, Plaintiffs' Counsel has devoted substantial time and labor to resolving the case. The length of the negotiations resulted from significant disputes between the parties over the viability of Plaintiffs' claims that they were denied all overtime pay due. This resulted in substantial attorney time spent extensively reviewing payroll and timekeeping records, preparing a damages model, drafting a demand, preparing for and attending multiple mediation sessions both in person and by telephone, and relatively constant negotiations on possible resolutions of the case. In short, Plaintiffs' Counsel devoted substantial resources to protect the rights and advance the claims of the Plaintiffs in this action.

21. I, along with the other attorneys and legal staff, made a concerted effort to perform all work in a thorough and efficient manner. Notably, because Plaintiffs' Counsel are requesting less than a third of their full lodestar, or \$104,650.00 in attorneys' fees, Plaintiffs' Counsel's fee records are presented to the Court in their "raw" format and have only been reviewed for privilege purposes, not for billing discretion or redundant billing entries.

22. It is my professional opinion that all work performed in the prosecution of this action, and the number of hours spent for legal services, is fair and reasonable considering the nature of the services performed and the results achieved.

I hereby certify that the foregoing statements made by me are true and correct. I am aware that if any of the foregoing statements made by me are willfully false, I am subject to punishment.
